01_PROFILE

I am a driven and adaptable designer with diverse experience in high-end residential, commercial, and healthcare design. Attention to detail, organization, and collaboration are characteristics I instill with every project I am a part of. I have successfully worked with a diverse range of clients - from not-for-profit healthcare organizations to private residences - following various codes and regulations while developing thoughtful, intentional design. I excel in fostering strong relationships and maintaining a positive attitude with colleagues, clients, and vendors alike.

02_EXPERIENCE

Andrew Ballard Architecture + Interiors / Design Associate

New York, NY (11/2024 - 07/2025)

- Lead Interiors Project Manager for a \$12m Upper East Side townhouse.
- Drafting various floor layouts according to program and client feedback.
- Sourcing FF&E items and fostering relationships with suppliers as a vital link between vendors and the firm.
- Independently develop an FF&E budget for client review. Proposing revisions to the document template for enhanced clarity and efficiency for the firm.
- Purchasing and managing FF&E items along with tracking.
- Regularly visiting the job site throughout construction and FF&E installation.

Patrick Ikner Studio / Freelance

Remote (02/2024 - 11/2024)

- Independent design consultant responsible for various residential & commercial projects across the United States.
- Responsible for project proposals, budget, timeline, and deliverables.
- Developing image boards, drawing sets, 3D models, and renderings.
- Producing various schedules for client & consultant review.

Love Lake Studio / Designer

Miami, FL (06/2023 - 02/2024)

- Designer and Project Manager for various hospitality projects in Miami and New York.
- Responsible for meeting project goals and deliverables throughout each design phase.
- Collaborate with the Project Architect to develop drawing sets according to design concepts and details.
- Design and manage production of custom millwork, furniture, and fixtures.
- Researching hospitality codes and regulations throughout FF&E specification.

Josh Wollowick Designs / Designer

Miami, FL (11/2022 - 06/2023)

- Portfolio includes a \$50m Miami residence, a \$20m Tampa vacation home, and a renovation of a 1940s Miami property.
- Convert Architects' drawings into Interior Design Drawing Sets. Drawing sets include: floor and ceiling plans, elevations, and millwork details.
- Specify luxury materials, hardware, and finishes - meeting style and budget goals.
- Produce presentations and rendered drawings for client review.

Rozas-Ward Architects / Architectural Associate

New Orleans, LA (05/2021 - 11/2022)

- Responsible for developing schematic drawings and renderings for user meetings from Schematic Design through Design Development.
- Worked closely with the Project Architect developing construction documents for smaller and larger scale healthcare projects up to \$20m.
- Primary point of contact after construction document completion and throughout construction administration.
- Responsible for submitting for Building Permit, assembling contracts, answering RFI's, returning submittals, and meeting with contractors / engineers to produce revisions and additions to the project.
